Product Technical Specification

Product Code: MH1200D

Description: IV Fluid Warmer

Specification

Dimensions - External	H-490mm W-320mm D-250mm
Internal	H-390mm W-270mm D-195mm
Voltage	220-240v ac
Current	0.5 Amps
Power	120 Watts
Weight	3.8kg (Empty) 12kg (Full) 4.7kg (shipping)
Capacity	8 litres
Temperature control	Digital thermostat – Pre-set to 37.5°C ± 0.5°C, differential 1 °C
Thermal protection	Electronic over temperature alarm – Pre-set to 39.2°C. plus 41 °C thermal cut off, auto re-set.
Controls	On/Off switch
Indicators	Digital air temperature display Heater light Over temperature indicator
Input lead type	Fixed Z type attachment with moulded UK 13a plug 3a fused or Europlug
Casing Material	ABS
Electrical safety	IPX1 Drip proof
Certification	Class IIa MDD93/42/EEC UL Certification No 0843
