Product Technical Specification

Product Code: MH1800D

Description: IV Fluid Warmer

Specification

Dimensions - External	H-500mm W-560mm D-325mm
Internal	H-400mm W-500mm D-280mm
Voltage	220-240v ac
Current	0.75 Amps
Power	180 Watts
Weight	9kg (Empty) 24kg (Full) 10kg (shipping)
Capacity	15 litres
Temperature control	Digital thermostat – Pre-set to 37.6°C ± 0.3°C, differential 1°C
Thermal protection	Electronic over temperature alarm – Pre-set to 39.2°C. plus 41°C thermal cut off, auto re-set.
Controls	On/Off switch
Indicators	Digital air temperature display Heater light Over temperature indicator
Input lead type	Fixed Z type attachment with moulded UK 13a plug 3a fused or Europlug
Casing Material	ABS
Electrical safety	IPX1 Drip proof
Certification	Class IIa MDD93/42/EEC UL Certification No 0843
